PROFILE

Junior Full Stack Developer specializing in MERN and MEAN stacks, with hands-on experience building scalable web applications and RESTful APIs. Passionate about creating high-performance, user-focused solutions with clean architecture and modern UI/UX practices. Proven ability to work in Agile teams and deliver real-world projects.

EDUCATION

Obour University | Egypt *Bachelor of Science in Computer Science and Information Technology* | 2021 – 2025

Grade: Good

INTERNSHIP

Information Technology Institute (ITI)

Full Stack Web & Generative AI Development using MEA/RN | Jan 2026 – Present

- Developed 3 MERN/MEAN stack web applications with responsive UI/UX, and built 5 secure RESTful APIs for data communication.
- Collaborated in cross-functional teams using Git and Agile, reducing debugging time by 20% through structured testing.

Web Development Diploma - Creativa Zagazig

PROJECTS

FitPower – AI-Driven Fitness Platform (Graduation Project) *Full Stack Developer | Angular, Node.js, MongoDB, Express*

- Engineered a comprehensive fitness ecosystem featuring an AI nutrition assistant and dynamic exercise library, integrating personalized health calculators and real-time filtering to enhance user goal tracking and engagement.

TripStore – Full-Stack E-Commerce Platform (ITI) *Full Stack Developer | Angular, Node.js, MongoDB, Express, RxJS*

- Engineered a scalable outdoor gear platform with an integrated admin dashboard and dynamic catalog, implementing secure JWT authentication and reactive state management to provide a seamless checkout experience and real-time inventory tracking.

SmartPOS – Full-Stack Point of Sale System Backend Developer *Full Stack Developer | Node.js, Express, RESTful API*

- Engineered a robust POS backend featuring an automated order processing engine and inventory management system, implementing secure JWT authentication and a service-oriented architecture to ensure transaction consistency and scalable data handling.

Personal Portfolio Website *Frontend Developer | React, Bootstrap, UI/UX*

- Stack Applications, implementing a highly modular code structure and Lazy Loading strategies. By optimizing component lifecycle management and asset delivery, successfully reduced page rendering complexity by 15% and significantly improved Core Web Vitals, ensuring a seamless user experience across all devices.

TECHNICAL SKILLS

- **Frontend:** Angular, React, Next js, JavaScript (ES6+), HTML5, CSS3, Tailwind, Bootstrap, Sass, PWA
- **Backend:** Node.js, Express.js, GraphQL
- **Databases:** MongoDB, SQL Server
- **Tools:** Git, GitHub, Postman, RESTful APIs, Agile
- **Design:** Figma, UI/UX Principles

LANGUAGES: Arabic (Native), English (B1).

Military Status: Exempted.
